**About the Author**

Andrew Ledbetter is an Associate Professor of Communication Studies at Texas Christian University. He received his M.A. and Ph.D. in communication studies from the University of Kansas. His research addresses how people use communication technology to maintain their interpersonal relationships. A related interest concerns how parent-child communication predicts health and well-being. Andrew has published more than 35 articles and received recognition for teaching excellence from both the National Communication Association and Central States Communication Association. His wife, Jessica, is a former attorney who teaches business law at Texas Christian University. With their daughters, Sydney and Kira, they enjoy involvement in their church, playing board and card games, reading, cooking, and following the TCU Horned Frogs and Kansas Jayhawks. You can reach Andrew at [a.ledbetter@tcu.edu](mailto:a.ledbetter@tcu.edu), visit his blog at [www.andrewledbetter.com](http://www.andrewledbetter.com), or follow him on Twitter via [@dr\\_ledbetter](https://twitter.com/dr_ledbetter).

Em Griffin is Professor of Communication at Wheaton College in Illinois, where he has taught for the past twenty-six years and has been chosen Teacher of the Year. He received his bachelor's degree in political science from the University of Michigan, and his M.A. and Ph.D. in Communication from Northwestern University. His research interest centers on the development of close friendships. Professor Griffin is the author of three applied communication books: *The Mind Changers* analyzes practical techniques of persuasion; *Getting Together* offers research-based suggestions for effective group leadership; and *Making Friends* describes the way that quality interpersonal communication can build close relationships. He also speaks and leads workshops on these topics in the United States, Singapore, and the Philippines. Professor Griffin's wife, Jean, is an artist. They have two adult children, Jim and Sharon.

Glenn Sparks is a professor in the Brian Lamb School of Communication at Purdue University in Indiana, where he has taught for 28 years. He received his Ph.D. in communication arts from the University of

Wisconsin–Madison; his research focuses on the effects of media. Glenn is the author of *Media Effects Research: A Basic Overview* and a personal memoir, *Rolling in Dough: Lessons I Learned in a Doughnut Shop*. He's co-author of *Refrigerator Rights: Our Crucial Need for Close Connection*. Glenn is an avid sports fan and also enjoys trying to increase his skill playing the theremin. He is married to Cheri, a developmental therapist; they have three adult children, David, Erin, and Jordan, and one grandchild, Caleb. You can reach Glenn at [sparks@purdue.edu](mailto:sparks@purdue.edu).

The ninth edition of *A First Look at Communication Theory* justifies again the program's enduring popularity. Em Griffin, now joined by colleagues Andrew Ledbetter and Glenn Sparks, encourages students who are encountering the field for the first time to tackle theories without fear. The authors introduce 32 diverse theories that are a mix of foundational and recent scholarship and, with the benefit of numerous examples and connections to pop culture, help students apply them to their own lives. This program ensures that students have a solid foundation with which to begin understanding the relationships between theories.

Instructors and students can now access their course content through the Connect digital learning platform by purchasing either standalone Connect access or a bundle of print and Connect access. McGraw-Hill Connect® is a subscription-based learning service accessible online through your personal computer or tablet. Choose this option if your instructor will require Connect to be used in the course. Your subscription to Connect includes the following:

- SmartBook® - an adaptive digital version of the course textbook that personalizes your reading experience based on how well you are learning the content.
- Access to your instructor's homework assignments, quizzes, syllabus, notes, reminders, and other important files for the course.
- Progress dashboards that quickly show how you are performing on your assignments and tips for improvement.
- The option to purchase (for a small fee) a print version of the book. This binder-ready, loose-leaf version includes free shipping.

Complete system requirements to use Connect can be found here:

talk story

By josephine volpe

complete up to date vision of communication theories and new perspectives in the field of communication. Although some of the new theories appear to be fillers for ones publishing requirements for tenure and dissertations. As a text book it is comprehensive but it appears that the field of communication studies has become a platform for every new fangle dangled theory ...one built upon another much like a house of cards just waiting for a steady breeze ....over all the text tries to cover all the new ideas being studied in this field. Well organized but some of the newer schools of thought would do well to be on stand by before calling it a theory....

2 of 3 people found the following review helpful.

Okay

By Leah

This is supposedly "the best communication theory book" out there. I guess it's okay... Some of the examples are too similar and I feel like it all repeats but if you need the book, you need the book.

0 of 0 people found the following review helpful.

The book is what it is but the shipping took ...

By Michaela m

The book is what it is but the shipping took so long that I ended up having to drop the class for the semester

because shipping went over what it said it would. It has some tears in it too, but still readable and it is used so not much to expect.
