Winner of the William Hill Sports Book of the Year, the biography of Robert Enke, the international footballer with the world at his feet who took his own life

Here, award-winning writer Ronald Reng pieces together the puzzle of his lost friend's life. On November 10, 2009, the German national goalkeeper, Robert Enke, stepped in front of a passing train. He was 32 years old. Viewed from the outside, Enke had it all. He was a professional goalkeeper who had played for a string of Europe's top clubs, including Jose Mourinho's Benfica and Louis Van Gaal's Barcelona, and was destined to be his country's first choice for years to come. But beneath the bright veneer of success lay a darker story. Reng brings into sharp relief the specific demands and fears faced by those who play top-level sport. Heartfelt, but never sentimental, he tells the universal tragedy of a talented man's struggles against his own demons.

Required reading for all..sports fan or not

By daltond

Bought this book based on the positive reviews (and as 1st book for my kindle). Starting off, I could not even

begin to understand how anyone could take their own life. This book completely changed my outlook on depression and the stigma attached to it within sport and life in general. Essential reading for both sports fans and those who want to try and understand how depression affects people

Great read, insightful, informative and emotionl

By Soccer

This book is great. There has obviously been hours upon hours of research done for this book. It gives the reader an incredibly interesting but also sad look upon a man who should be remembered for his extraordinary life, rather than his tragic death. It is not a morbid and depressing book, instead it is a celebration of Robert Enke's life. This really is a great book, you dont have to like soccer or even sport for that matter to enjoy this book. RIP Robert Enke.

Very Touching

By Marwin

The book is not just another football story, but about his life as son, husband, father, goalkeeper .... How seemingly from the outside life was perfect for him ... but he couldn't cope with the darkness.

It brought a certain perspective to my life.

Somethings in life like family, friends are always more important ... no matter what doubts you are facing in your professional career!
