APPLIED CODEOLOGY: NAVIGATING THE NATIONAL ELECTRICAL CODE 2011 offers the perfect solution for any electrical professional who has ever felt overwhelmed when trying to locate specific information within the vast catalog of standards and articles contained in the NEC. As the world's predominantly adopted and enforced electrical installation standard, the code is a critical reference tool for anyone working in the field of electrical installation or maintenance. Recognizing that in order to use this resource proficiently a complete understanding of the outline format is necessary, the book introduces simple techniques that allow readers to quickly identify and locate various NEC sections. Readers then learn to qualify their electrical questions and efficiently and accurately access the necessary information within the code. Special attention is given to critical building block areas from the NEC such as the Table of Contents, Section-90 Arrangements, Chapter 1-9 and more. Revised to reflect the NEC 2011 and packed with all-new learning features, this book is a valuable "roadmap" that will familiarize readers with the code and give them the skills and confidence to make code-compliant installations that are safe and accurate. Good book if you need help.

By John F Graf

This book is helpful to you understanding the NEC better. It was on a school book list and I read about one chapter and decided to discard it and just use the NEC by itself.

Great help for those just starting to study NEC

By kuN

This is a great book for those who are in the industry just beginning to study and familiarize themselves with NEC. The NEC book was written by engineers and it is not the easiest way to navigate. (I am an electrical engineer / drafter.) This book can be of great help teaching you how to approach the book in a more methodical and efficient way. It gives you tips to understand how the NEC book is organized including how to highlight the most important parts for easier bookmarking. Clear and well organized. It can save you a lot of time.
