CLIMBING THE MANGO TREES: A MEMOIR OF A CHILDHOOD IN INDIA BY MADHUR JAFFREY PDF

Madhur (meaning sweet as honey) Jaffrey grew up in a large family compound by the Yamuna River in Delhi, where her grandfather often presided over dinners with 40 or more members of his extended family savoring together the wonderfully flavorful dishes that were forever imprinted on Madhur's palate. Whether climbing the mango trees in her grandparents' orchard, armed with a mixture of salt, pepper, ground red chilies, and roasted cumin, or picnicking in the Himalayan foothills on meatballs stuffed with raisins and mint, tucked into freshly baked spiced pooris, the tastes and textures of those childhood pleasures bring back memories of growing up.

Independent-minded, sensitive, and ever curious, Madhur as a child explored the history of her family and was deeply affected by their personal trials. Despite obstacles that her schooling imposed and an insecure adolescence, she emerged well educated and gifted in the arts, ready to explore new territory as the world she had known crumbled around her. Climbing the Mango Trees is both an enormously appealing account of an unusual childhood and a testament to the power of food in our lives to evoke memory. Although by the time it ends, when Madhur leaves India, she had never cooked a meal, it was that longing to taste again the flavors of her childhood that drove her into the kitchen - to become eventually the internationally acclaimed food writer that she is today.

Scrumptious!

By RMitra, mystery writer

I have read her cookbooks and I have seen her act in movies. Both, I might add, have been virtuoso performances.

I bought this book for I was born in Delhi, India, around the time (give or take 10 years)that Ms. Jaffrey writes about.

It is delightful.

Not only the narrative, simple, unassuming but wonderfully evocative, but what she manages to put in between family reminiscences. All those wonderful food items and she describes them with mouthwatering adjectives.

Very enjoyable indeed.

I wish they'll bring out an audio edition, this is worth listening to and drool in a long car journey

Wonderful Evocative Journey Through India's Past

By Marianne O. Schmidt

My son bought me this lovely book for my birthday, and as always, the writing is seductive, and draws one in immediately. Jaffrey has a delightfully chatty and confidential tone when talking about family and friends, and it makes you feel you know them well. This is a fascinating book - well written, and one that lingers in the memory like a fragment of a dream: familiar, elusive, and haunting. My only complaint is that it wasn't longer, and didn't go much past early adulthood. I want to know more, and hopefully this talented actress, author, and raconteur will do just that. This is my 6th book by Madhur Jaffrey, and I am fond of them all. I recommend any and all to people willing to try something new. A personal favorite is Flavors Of India. Lots of great recipes and anecdotal information on the people and regions of India. If you are new to Indian cooking, you are in for a rare treat with her many cookery books. They do take some time and preparation, but if you can read, and are moderately adventurous, all will be well. Let me also recommend Indian CDs and Bollywood for the full experience. Bon voyage.

A brilliant and delicious memoir

By P. Shipman

I have always loved Madhur Jaffrey's recipes and acting. This memoir, even for those who don't know her, is marvelous. She provides a beautifully-written glimpse of growing up in a large and well-to-do Indian family that mixed Muslim and Hindu traditions in an era that is now past. The description of family foods (and the recipes -- YUM) and the traditions of her family are wonderful. I was terribly sorry when I came to the end of the book, though I was thrilled to find recipes in the back. I highly recommend this to anyone interested in Indian food, Indian culture, or history -- and to anyone who just plain enjoys memoirs.
