Coven of The Catta Elders and Unique Ritual Practices

By Geoffrey

In this book , author Gary Lee Hoke does all of us in the Craft a service by sharing with us the history and teachings of the Coven of The Catta Tradition whose lineage traces back to the late Sybil Leek. All too often some modern books pertaining to Craft history come across as generic or vague in their approach , but in this book and account of the Coven of The Catta it is easy to get a feel for the depth and richness of the Tradition. Also in this book the author paints an in depth portrait of the late Dr. Frederick Santee , an initiate of Sybil Leek and one of the founders of the Coven. We come to see him as a man , a country doctor , an intellectual and scholar and as a High Priest. All of which makes for a fitting tribute to a fascinating man still spoken of and remembered in his hometown of Wapwallopen , Pa. A book that I would highly recommended to everyone , regardless of Tradition , of especial interest to all of us who remember reading Sybil Leeks early books and wishing we could learn more about her legacy
