10 stars!

By Chelsi Davis

This book has been on my tbr list for months and I finally broke down. This book is beautifully written, well structured, and well developed.

Talon is a marine veteran with secrets and damage going back to way before his time in Iraq. His sister Marj and his brothers are determined to get him help, but his help came in the form of Marj's best friend Jade.

Without giving too much away, simply put this book is a must read and I am truly looking forward to book 2! It ends with a huge cliffhanger!

Annoyed

By Amazon Customer

Cliffhangers and grammatical errors annoy me. Even when I'm curious about this big secret trauma, its not enough to keep me reading.

JUST DON'T!!

By Amazon Customer

I can not believe this series received so many five star rating! Who ever compared this to Fifty Shades obviously never read that book or series. Do yourself a favor and DON'T get sucked in.

With all of the great ratings, I bought Craving. The Steel Brothers Saga, I thought three brothers, three books. OH NO!! Three books for ONE story, and I HATE HATE HATE books that end in cliffhangers, but I continued thru all three to finish a book I started, THEN book 3 ends leaving you hanging!!

NO WAY will I buy 9 books at this price to get one complete story.
