## Review

"[The writing] is a real strength. . . . Mann teaches well in the book. She offers an impressive, wide-ranging overview of the history of feminist theory."--Deirdre M. Condit, Virginia Commonwealth

"Mann does an excellent job of mapping the thematic development of the theories shaping U.S. feminism. The author's ability to 'connect the dots' is impressive and instructive."--Hawley Fogg-Davis, Temple University

## About the Author

Susan Archer Mann is a Professor and Associate Chair of the Department of Sociology at the University of New Orleans.

# **DOING FEMINIST THEORY: FROM MODERNITY TO POSTMODERNITY BY SUSAN ARCHER MANN PDF**

Doing Feminist Theory: From Modernity to Postmodernity critically examines feminist thought from the late eighteenth century to the present. Organized historically and by theoretical perspectives, author Susan Archer Mann:

- \* Highlights the relationship between feminist theory and political practice and examines the diversity of feminist visions and voices by race, class, gender, sexual orientation, and global location
- \* Interweaves the history of feminist thought with the history of the U.S. women's movement to ground feminist perspectives in their socio-historical contexts
- \* Bridges the local and global using theory application sections devoted to feminist analyses of colonialism, imperialism, and globalization
- \* Offers a critical and dynamic approach to theory that is interdisciplinary and inclusive of alternative forms of theory construction, such as poetry, music, and zines
- \* Illuminates how transformations in contemporary feminist thought reflect paradigm shifts from modernity to postmodernity

The book to read on feminist theory

By drtmm17

Dr. Mann has an uncanny ability to write about theory as if she were talking to the reader across a cup of coffee. Her style is easy and her historical and theoretical discussion is well grounded in women's history. She knows what she is talking about. Dr. Mann writes with a captivating style. She weaves the story of feminist theory into a real page turner of a book. If you only read one book on this topic, Susan Mann's is the one to read.

A must-read!

By Stephanierunsforfun

If you are interested in feminism but find it difficult to navigate the various branches (socialist-feminist, intersectional-feminist etc...) this book will be a great help to you! It walks the reader through the various types of feminism, highlighting their strengths, weaknesses, and differences. It is not a compilation of works but rather a sort of deep theoretical encyclopedia of feminist theories.

0 of 0 people found the following review helpful.

The Best.

By Minsoo Kim

Mann clearly and poignantly articulated the lived messiness and rather chaotic history of feminism and its ideologies.

I cannot believe how she managed to write a book that is so aesthetically, analytically and chronologically thoroughly well-put.

Amazing
