Cayson is livid with Skye for what she's done. It's not something small that can be swept under the rug. It's not something he can just let go. What she did was unforgivable and wrong on so many levels. But he can't deny the truth. He still loves her. But will it be enough?

Silke gets tired of dealing with Arsen and his insecurities. Every step they take forward, they take eight backwards. But she has faith in him that he'll change his ways. But how long can she hold onto that belief?

Conrad loves the close relationship he has with Beatrice. But he can't deny he wants more. He doesn't just want to be her friend. He wants all of her, every night, until the sun burns out. When he gives into his need, he kisses her like he's always wanted. She returns the embrace and gives Conrad exactly what he wants. But where will it lead?

Theo and Alex love their new relationship. Sparks fly as kisses are shared, and Theo begins to question his sanity. How could he not have fallen for her in the beginning? As things heat up, their relationship takes an unexpected direction. Then Alex does something Theo is unsure he can forgive.

Another page turner in this series

By Julie Kirby

This was a good read, and emotional page turner.

Slade and Trinity are great, getting on really well, and its lovely its not all about the sex.

Carson and Skye, Wowzers! I really hope this makes them stronger, their break up has been really hard on both of them, although I'm not sure how I would react to something like that happening to me.

Theo and Alex are moving in the right direction, and I hope it continues that way.

Conrad and Beatrice, make a great couple, he has really opened up to her even though she keeps a lot of herself hidden. Conrad really has been a gentleman where Beatrice is concerned and its totally unjustified how she believes the word of her slutty friend, I hope she doesn't leave it too long, before she realises what

she has with Conrad.

Silke and Arsen, just when you think they are making headway, she really sees something in him. I just wish he would see it for himself. That was quite a revelation, having such a hard childhood and thinking he would be exactly the same as his parents were, sadly that came true!

I'd like to think Silke will move on, but fear that is not on the cards for her, although he does love her, but it looks like the decision has been made for them.

The love lives of the 2nd generation is quite hard going with all of them; and when they think they've found 'The One' something throws it all off.

Can love save them all or ruin happily ever afters?

By Melena

Oh my E.L. Todd definitely knows how to keep a reader's attention in the Forever and Ever series. I have to say through everything going on the one I am interested in is Trinity and Arsen. I love that Arsen is like a modern day bad boy with a little bit of James Dean in him making me want to well just kiss and hug him. I feel for this guy for what he went through as a youngster and applaud Trinity for trying her hardest in showing him that everybody deserves love. Beatrice and Conrad I am still skeptical about these two for no matter how hard we try know her she pulls away. Makes me want to tear my hair out wanting to know more about her. I was laughing with Theo and Alex for one minute they hate each other the next they're all over. It was hilarious to see them juggle their feelings like a seesaw between these two. E.L. Todd is not stopping at all with this series and interested to see more about Beatrice really curious about her story. Can't wait for Book 9 in this series.

Drama!!!

By Cassandra Cole

Drama Drama and more drama!!! Are we ever going to get these kids straightened out?!? Conrad didn't tell Beatrice he was a man whore before she met him. But I'm not sure he had to. She is making such a fuss over it. I'm not sure where this will go but I don't think she's being fair.

Arsen! OH ARSEN!!! I'm struggling to believe the timing of him getting in trouble. I think he truly believes he's not worthy of Silke that he would've allowed something like this to happen if he thought it was best for her. However, he wasn't counting on her true love and hardheadedness! I still expect an HEA for these two but I just don't know how.

Skye finds out Cayson is near but still so angry with her. Can she live with it? Can she let him heal?

Slade is being Slade. For such a sexy beast, he can be a baby! I'm glad to see he's beginning to understand adulthood!

Onward! Gotta find out what happens next!!
