With her blue-black hair and striking green eyes, Cailin Jamenson is the epitome of beauty and the exemplar of strength. She has fought the enforced boundaries of being the lone Jamenson daughter and Redwood Pack princess, but it is the potential future with the dark wolf in her path that threatens everything she thought she desired. Logan Anderson's own darkness provided the reasoning for his abandonment of his former Pack, the Talons. Now, newly accepted into the Redwood Pack, this jade-eyed wolf and all she represents could be his own undoing. In this final installment of the Redwood Pack, unimaginable tragedy strikes, and the two wolves who have fought the longest for their independence now face the uncertainty of fate and the epic battle that could end the war--and their lives.

It was like being a part of their family!

By Nicoletta Campanelli

The final book in the Redwood Pack series was great and a little melancholy also. I loved the whole series and getting to know all of the Jamensons through their good times and bad and seeing them get their HEA's. It was like being a part of their family. Though I'm sad to see this series end, I'm looking forward to Carrie Ann's new series about the Talon Pack and getting to revisit the Jamenson kids. If you haven't read this series yet, grab it you won't be sorry. Great work Carrie Ann!!

An excellent sned off for the Jamensons.....

By Tracy ~ Book Loving Pixies

I went into Fighting Fate with mixed emotions. On one hand I couldn't wait to start and was so looking forward to at last reading Cailin and Logan's story but this was overshadowed by the fact that this is the final instalment in the Redwood Pack series and I didn't want the story to end.....

Carrie didn't disappoint and she finished the series with a bang.... Fighting Fate is a fantastic read and an excellent way to say goodbye to this generation of Jamensons.

Cailin & Logan have been dancing round each other, doing everything they could to avoid facing the obvious attraction between them... Will they finally deal with their feelings and the connection that they seem to have?!

The war that has been raging around the Redwoods is nearing it's climax and everyone knows it - they just don't know what to expect or how things are gonna turn out!!!

So much to deal with and so little time to prepare....

One of the main things I loved about the book was the continued focus on the Jamensons as a family as well as pack... We are reminded again of how important they are to each other and how they would do all and anything they had to for each other!!!

Action, drama, tension, surprises, heat & passion, pain & heartbreak, it's all packed into this final book and makes for a heart-racing (jeez, at times a nigh on heart-stopping!!) ride!

Grab yourself a copy of Fighting Fate, take yourself off somewhere quiet - 'cos you won't want to be disturbed once you start reading - and lose yourself in the final instalment of the Redwood Pack's story!!

\*\* A word of warning before you do start reading ~ you're gonna need tissues... lots & lots of tissues - and maybe take the next day off work to avoid people seeing your big red puffy eyes...or you could wear some dark glasses - just sayin'!! ;)

\*\*I received an advanced copy of Fighting Fate from the Publisher in exchange for an honest review\*\*
