but glad I was referred to this book by a friend

By Michael Chananie

Fairly new to the entrepreneurship book world, but glad I was referred to this book by a friend. Great tips, great insight, and a great read for those trying to get into this business sector, or new to it!

Do yourself a favor - read this book.

By JHO

I bought this book expecting it to be the same old, same old entrepreneur book. Not the case at all. Learning from successful entrepreneurs from a wide range of fields opened my eyes to mistakes I have made and didn't know it, and mistakes I was bound to make had I not read the book. Such a great read I could not put it down. I wish I had been able to read it sooner in life. INSIGHTS is a must read for not only entrepreneurs, but all people in the business world.

Fabulous!

By Patrick Cascarano

Outstanding... This is a fun and insightful look at entrepreneurship from 101 different angles. It's an anthology for seasoned and aspiring entrepreneurs alike. Many of the contributors have written their own books on the subject yet offer new insights here, especially when strung together seamlessly by Mr. LoPresti. I wish I had read this before I launched my own startup, which is no longer in business... I'm looking forward to the hardcopy version since this would make a great gift.
