Remarkable!

By P. Mcgaugh

I have many books, and to say this is one of ,if not the favorite, is a lot to say. Normally when I get a book on spirituality it lacks the exercises and practicality to take me out of the armchair scholar category. Not so with this book. It includes exercises from start to finish that are simple,interesting, appealing and practical. For instance, he gives a purification practice and explains that to do a spiritual practice without first purifying yourself is like pouring clean water into a dirty vessel. Without a purification practice, you would become cleaner over time, but it really is like taking the scenic route to enlightenment. It slows you down quite a bit. Mark includes a wealth of information about healing using the Hebrew letters. It's worth the price for that information alone. I can't think of a single other book with such a practical application. Finally, it's easier to progress beyond the armchair scholar phase!

This could be the last spiritual book you'll ever need.

an excellent book on hermetic qabalah and healing techniques

By JNO-LVX

an excellent book on hermetic qabalah and healing techniques. this is perfect for someone who wants to study and practice but who isn't big on ritual. the techniques are simple and clearly delineated by the author. would highly recommend this book to new and old students alike.
