LaFerrari: the official catalog dedicated to the latest masterpiece realized by the world-famous Italian brand. What lies behind the search for excellence in a sports car? This book reveals the work put into the production of the new supercar, LaFerrari—a car whose ambitions are evident in its very name. This is a voyage of discovery of the Italian passion, method, and excellence that created an authentic masterpiece on four wheels. It unfolds through the stories of the people who have worked on the project and the photos of its creation. Comparisons with its predecessors, the first style drafts, the clay models, wind-tunnel research, studies on cockpit ergonomics, vehicle dynamics, and the perfection of the gears and brakes are revealed here in an ebb and flow of images and drawings. Furthermore, the story of the development of the HY-KERS technology and its contribution in Formula 1 races allows an insight into one of the most advanced frontiers in the world of sports cars destined for the road. High craftsmanship, human experiences, and futuristic technologies combine in this fascinating story, a group work that achieves the greatest combination of innovation and aesthetic beauty. Through over one hundred images never before published, the volume examines the exciting story of aesthetic and technological research behind LaFerrari, a masterpiece of dynamic art.

Great catalog-like soft-cover book

By Olaf Wernicke

A great soft cover short story book of all Ferrari's Super-Cars, followed by basic details of the LaFerrari exterior, interior and power plants. All what I was looking for in a beautiful catalog-like book. Great passion and love for details. Now, the only thing missing, seeing one of those wonders on the road - which will be rare / very rare ...

Awesome Book!!!

By Ricky

I personally do not own a Ferrari or Lamborghini but I own an American Supercar.

This book is fantastically done. Pictures are like you are there really great really nice.

You can see the making of the latest great Ferrari icon the Ferrari LaFerrari, the mules, the scales of the Hypercar.

This is money well spent.
