LAS GUERRAS DE ALEJANDRA: A NOVELLA (SPANISH EDITION) BY GABRIELA CASTELLANOS PDF

“Las guerras de Alejandra”, es una trama urdida con tres hilos: el despertar sexual y la defensa de su sexualidad de una niña en Santiago de Cuba durante la década de los cincuenta; la lucha clandestina del Movimiento 26 de Julio contra el régimen de Batista, lucha que tiene su principal base en Santiago, se desarrolla fundamentalmente en la Sierra Maestra, y culmina en el triunfo de la revolución; y el mundo fascinante de la mitología y los ritos religiosos afrocubanos de la santería y de los “paleros”. Escrita a la vez con cuidado y con un sentido de urgencia, ésta es una novela de crecimiento, de desarrollo, donde el erotismo, la religión y la política se entremezclan para ir construyendo el cuerpo de Alejandra, la protagonista, en un medio histórico recreado mediante la ficción.

Una novela maravillosa

Me encantó este libro. Es una novela histórica que se desarrolla en Cuba en la década de los cincuenta durante la caída de Batista y la toma de poder de Fidel Castro. La protagonista, Alejandra, vive su despertar sexual en medio de este mundo político conflictivo. Los dioses afro-cubanos (orichas) se entrometen en este mundo socio-político para abogar por sus propios intereses personales, al igual que lo hacían los dioses griegos en la Atenas mitológica de la antigüedad. Me divertí cantidades leyendo este libro y aprendí mucho sobre esta fascinante época histórica.

I loved this book! It's a historical fiction novel which takes place in Cuba in the 50s during the fall of Batista and the rise of Fidel Castro. The protagonist, Alejandra, experiences her sexual awakening in the midst of

this conflictive political world. The Afro-Cuban gods (Orishas) meddle in this socio-political world to push their own personal agendas, much like the Greek gods did in the ancient mythical Athens. I had a blast reading it and learned so much about this fascinating historical time.

This Spanish-language novel tells the story of a girl coming of age in Santiago de Cuba, the cradle of the Revolution against Batista. The author is faithful to the historical characters that played key roles in the Revolution and to the major events of this era. But the women are the center of the narrative. It's about a girl growing up in uncertain times. There's enough action and the author pulls no punches when it comes to things like war and torture and portrays very vividly the feelings of the people of this city that took the brunt of Batista's dictatorship. But not all is gloom and doom. The obvious love of the author for her native city coming through this novel and some funny episodes regarding the santería gods give emotional relief from the intensity of the action.

I thoroughly recommend it.
