Naturally, after downloading and install May I Have Your Attention Please? By James Corden, you could not publish it.

MAY I HAVE YOUR ATTENTION PLEASE? BY JAMES CORDEN PDF

As far back as he can remember James Corden has only ever wanted to be in one place: in front of you, doing something to make you laugh, cry, shout, or giggle uncontrollably. At the age of 4, he grandstanded throughout his baby sister's christening, standing on a chair in front of the whole congregation, pulling faces and cracking everyone up. Despite himself, the vicar was impressed. And from then on he couldn't get enough of the spotlight, even when it always seemed to avoid him. Throughout his teens, he and his Dad trudged up and down towards London, getting closer and closer to landing a gig, only to be told 'No' at the last stage. But he never gave up and soon found his whole life turned upside down and inside out by his experience as one Alan Bennett's History Boys. From that moment forth, he's never looked back.

May I Have Your Attention Please? is the warm, cheeky, surprisingly honest and hilarious story of one of our most popular comedy talents. From his antics as one of the founding players of his high-school's first ever rugby team to gaining recognition in the West End, to nationwide fame as the loveably loud Smithy in the award-winning Gavin and Stacey, this is a tenderly told story of what it's like to try, try and try again and - happily - get there in the end.

but I give a great mark for this book

By S. Lee

I am not a big fan of autobiographies, but I give a great mark for this book. To me, this portray of James Corden's early life shows that a dream can true, but not without effort. His dream of becoming an actor was a persistent one, but it was not an easy. The numerous failed auditions I think made him grow and this comes out through his writings. His success to fame and then a fall to nadir seem to be surreal, but also a very realistic story. Most people do not have the luxury of staying on the top without any stress, agony and occasional falling back. If you are interested in a story that feels like one written by you, but the person happens to be a celebrity, you will like this book.

Ummmm.....so-so ?

By Julie

I love watching clips of James Corden on Youtube, so thought I might enjoy his book. I hate to say it, but the book was a bit of a letdown . He sounded a bit "full of himself", which really doesn't sound very kind . He

seems well suited to the show and does a great job and is super funny. Somehow the book missed the mark a bit . Not that funny, and just ok not bad, nor good,

Maybe once he gets older he will have more maturity and more of a story to tell, and learn a bit of humility .

excellent book for James Corden fans

By Cathy Cole

If you love James Corden (or Smithy), you will love this book. I laughed out loud while reading it and I don't do that. Great story telling, great behind-the-scenes anecdotes and wonderful insight into the man. Read this book. You are in for a treat.
