### Amazon.com Review

This charming verse story, told in a singsong rhythm, stars a moose who is determined that his family's Christmas will be "perfectly perfect." Moose "shopped till he dropped. Check," and "baked tons of tins of cookies. Check,"--but in his haste he completely forgets to buy a Christmas tree. After a long, fruitless search in the snow on Christmas Eve, he finally has to do the heroic thing: stand in a corner and become the tree himself. The crayon illustrations by Henry Cole make much of Moose's endless handlebar "moostache." The rhymes may be rather forced for some tastes--"The kids tried to make the best of it. They said 'Oh so who needs a tree?' But Moose could plainly see they were short on the glee." But perhaps that's all just part of the amusement value. (Ages 4 to 8) --Richard Farr

### From Booklist

Ages 3-6. The moose with the amazing mustache, last seen in *Moostache* (1997), is getting ready for Christmas, and he's totally organized. Baking cookies, check; sending holiday cards, check; buying gifts, check, check, check. It doesn't become apparent until Christmas Eve that one important job has been left undone: there's no Christmas tree! So Moose makes the ultimate sacrifice for his family--he lets them hang tinsel and ornaments from his long mustache, wrap lights around his antlers, and stick a star on the top of his head. The telling is amusing but odd: in the middle of the story the words start to rhyme, though the text continues to be set down on the page as prose. Consequently, librarians will want to practice before reading this aloud to a group or they're sure to stumble. The cartoon-style watercolors, however, reminiscent of Lynn Munsinger's work, are both boisterous and droll. They're especially amusing whenever Moose and his moustache come into view. The dust jacket, featuring a bedecked, bemused Moose, will draw children into the story. Ilene Cooper

A Book Full of Holiday Cheer

By Roz Levine

Mr Moose is back with his amazing and unrivaled handlebar "moosetache" to help us get ready for the holidays. He wants Christmas to be "perfectly perfect" for his family and so he's armed with his checklist to make getting ready easy and simple. First he writes and addresses all his cards, check. Then he shops 'til he drops, check. Then he wraps and ribbons, bakes and cooks and even roasts the chestnuts, check check check. And on and on, decorating and singing and checking off his list. On the night before Christmas he hangs the stockings, just so and calls his family in to see that everything is "perfectly perfect". But his kids notice a BIG problem...he forgot the Christmas tree. Off Mr Moose goes in search of a tree, any tree, but he's out of luck. There just aren't any trees left. As he comes home empty handed, he has a very clever idea to solve his problem and before you know it Mr Moose and his moosetache are decorated and standing in the corner, waiting for Santa. Margie Palatini has written an imaginative, amusing story that will charm and delight youngsters from 3-7. Her rhyming text and Henry Cole's bold, colorful and very expressive illustrations will have your little ones giggling, as they enjoy watching Mr Moose get ready for Christmas. This is a picture book filled with holiday joy and cheer and a wonderful addition to your home library.

Children will beg to hear "Mooseltoe" again and again!

By Caron Lynn Miller

What an amazing Christmas book! If there was only one Christmas book I could recommend to you, it would be this hilarious book. The 2nd class that I read this book to was laughing the whole time and joined in when it was time to say "perfectly perfect". As a teacher, you know that your students love a book when they can join along and read parts of the story with you. I love reading this book and I know you will as well. I agree with the other reviews, this book is very well written. But let's not forget about the terrific illustrations that will spark the children's interests. This will be a holiday story that will humor hearts of all ages.

Gotta love the Moose!

By Tricia

I fell in love with Moostache first. When I read Mooseltoe I was hooked again! My daughter is 3 and has already asked me to read it over and over. I even volunteered to read it to her class and it kept the attention of almost 10 2-3 yr olds! I have ordered 5 copies of this book(so far)to give as gifts this year. I promise you will love this book!
