Must have for Nirvana/Kurt Cobain Fans

By C. Parsons

Nirvana fans will love this (although, be aware; most of the photos are of Kurt Cobain). The photography is excellent and candid; displayed in a "coffee-table" book style- large pictures and lots of them. Lots of black & white photos as well as color. The photos of Kurt with Frances as an infant will tug at your heart.

Absolutely beautiful book.

If you love Nirvana, you've got yourself a book.

By Jordyn

Not being a big fan of Nirvana, I wasn't sure what to get my sister for her birthday. My sister is a huge fan, you see, and she loves books with pictures. After searching far and wide for a book with Nirvana and pictures of Nirvana, I discovered this one.

If you are looking to buy a book with photos from the days of Nirvana, then this is the one for you. Not only

does over half the book contain large pictures, they are all (most, there are a few in black and white) in color, and they are rare photos that don't appear as often as most others do.

This book is a great buy for the Nirvana fan. If you love Nirvana, you've got yourself a book.

Nirvana captured in the Raw.

By J. Shannon

This book is by far the nicest Nirvana book I own. It's a beautiful, thick paperback, with fantastic rare photographs. For a long time, the only Nirvana books around were information heavy, and focused a lot on Kurt's death. This book captures exactly what they were, A great band. Pure punk rock, pure soul, pure energy. It's a wonderful memory of a great band. You'd be mad not to buy this book.
