Excellent resource

By Stephanie G

An excellent resource for any band director. Really enjoy the interview (very interesting to see where some of the warm-up routines that are so common today came from), and the instrument specific pedagogy is great, especially for young teachers.

Eddie Green is a legend!

By jtlk21

Every band director should read this book. There is a wealth of information in just the interview portion of the book.

Great interview with my mentor

By Frazierquarterhorses

If you want to improve your program, buy this book. If you want to get organized, buy this book. It is the product of years of experience compiled by Eddie. He gave us this info in our education classes at U of H in the form of copious notes and I modified it for orchestra. it worked like a charm!
