A solid title in the AFMBE line

By Amazon Customer

The book lays out a lot of good info, and ideas for survival horror campaigns that extend beyond the basic 1 or 2 night game. As with other books for this game it presents a good number of interesting settings. A must have for gms planning longer running campaigns, or those wanting to play a game set after the fall of civilization. Where other books focus on the zombies this one focuses on the human. Where do they go, what do they need, and how do they respond.

Note this is NOT a player's hand book. It doesn't contain lots player trait, edges... It's mainly geared towards the GM, but there are some handy sections on survival.

Zombie Survival.

By Crystal

AFMBE is an awesome system. This book gives you more options on character creation, templates, and of course.....zombies.

A must for any would-be zombie slayer!

Running a Post-Apocalypse Zombie Campaign? GET THIS BOOK IF YOU ARE!

By Eric Webb

If you are a GM running a zombie apocalypse campaign set in the years after the undead have conquered the Earth then buy this book. Whether your using AFMBE or some other ruleset this book offers a ton of great information to craft campaigns set in a world ruled by zombies. It even provides useful information for players in such a campaign. The book includes a lot of new and useful equipment,powers and rules. If you want to use the Unisystem to run a Cthulhu game this book is a must as it includes rules for insanity.
