Holy Spirit Connection

By Susan Cochrane

This work furthers the connection for me with Marjorie and the Holy Spirit. We have had a life long journey together as she is my older sister. Over the many years she has always sought God. I understand, support and rejoice in her quest and feel that she truly communicates one on one with God after years of yearning, studying, and praying. .

She is His voice. It is written so that "ordinary" people can understand and feel secure in His message. No individual could write this way or make this up. She is the conduit for Him. Each day she asks for guidance and instruction. Through His voice and symbols He teaches her The Way.

I read the book cover to cover and felt His Presence in my life. It does not stop here, but the beginning of a new awareness for me. I will continue to ask for His love and guidance. Thank you for this amazingly courageous journey, in a book, for all to share and Know God..

A guide to developing ones own relationship with the Holy Spirit

By jp1maui

One With God, Book 1, demonstrates how doable it is to develop ones own intimate and practical relationship with the Holy Spirit. The book showed me how I really don't need a guru, priest or minister to lead me to awakening. The writing is easier to comprehend and more approachable than The Course of Miracles, with the same simple yet powerful message: That we are all One with God.

Inviting and hopeful for all.

By diane l.

The book is definitely good for the layman who is interested in A Course of Miracles and finds it too difficult to read. One with God is very readable, and makes the message very clear that everyone can and does receive guidance if they ask for it and that we are all one with God.

The dream state is a tough one for many to accept, but it is stated constantly in your messages as it is in the Course. It is like you restated the messages in the Course, nothing new or different really....but humbly showing how it is unfolding and becoming clearer in your own mind. That's a good thing. It's a universal message and to see how you, as a scribe, witness yourself, in each chapter as a daily experience is a new approach.

Let's face it, when one puts their total attention to something and the focus is pure dedication, you will get that desired result. It's the way the universe and energy works. Therefore, your desire to awaken from the dream and be awakened is inevitable. So, the books must show this process of Awakening, and that is inviting and hopeful for all.
