Great summary of the Institutes

By dr rooster

I am using this book for a second time in an upper division theology class at a Christian university. I have students read a chapter and then give a quiz over the material.

I find that these chapters catch the big ideas and present them in an understandable way. These readings are a bit tough for juniors and seniors, but that's a good thing. Calvin shouldn't be too easy, right?

I would have given five stars if the writing had been broadened a bit more. My students are able to follow the ideas, but it hasn't made them fall in love with Calvin.

In sum, if you are looking for a book that helps you understand The Institutes more, this is a great place to start.

Easy to read look at Calvin's Institutes

An in-depth, but easy to read book on Calvin's Institutes. Love the questions at the end of each chapter which is helpful to use as a Sunday school class or Bible study group.
