Mon petit cochon...

By Marilyn

That means (I think) "my little pig". However, if you buy this book, don't think of teensy, cute piglets. Just think of cuts of pork. And there are some excellent sections on those. If you like pork but have been disappointed in the "other white meat" recently because it's so lean it turns out dry, etc., this is the book for you. My daughter and I took a class at a Sonoma cooking school. It was called "Belly Up!" and was all about pork bellies, how to cure them, make your own bacon, pancetta, etc. So I HAD to have this book because it contains directions for making those things as well as some wonderful recipes. Just to name a few (be still my heart), "Bacon Wrapped Tenderloin with Mushroom Stuffing", "Pork Stroganoff", "Toad in the Hole with Onion Gravy", "Pork Scallops in Parmesan Crust", Asian recipes, Mexican recipes, and (hold your applause) "Sticky Barbecued Ribs" that are slow roasted for a couple of hours, brushed with a wonderful barbecue sauce that can be prepared days in advance. The recommendation is that you purchase your pork at a good local butcher or a supermarket that buys from local sources. It might cost a little more but, in my opinion, if you want to make something special, get special at the beginning. Have I developed a "passion for

pork". You bet I have! You will too once "Pig" is on your cookbook shelf.
