Ordered for my 6th grader

By Amazon Customer

The pricing is affordable. I ordered this text to match my 6th grade sons class science book. However, I feel that the book fails to provide detailed information / descriptive texts. I purchased some cheap dvd's to supplement some sections (geography dvd's) and we watched some YouTube videos for the rest.

Prentice Hall Science Explorer Inside Earth 3 rd edition

By Pen Name

The science book absolutely met all my criteria and was being used as a curriculum resource in my child's 6th grade classroom. He attends a private school, so they seek quality material.
