Duke Ellington Rediscovered

By CGIsackson

Surely this book of 70 of Ellington's classics and not so common works would be wonderful to have as a reference to play! This book contains pieces that one would be hard-pressed to transcribe but here they are in a very precise presentation and beautifully printed in very acute print on thick paper.

Everyone has one or more favorite tunes by Duke Ellington. Mine are Black and Tan Fantasy, Jeep's Blues, Mood Indigo (how about Nina Simone's rendition!!) Prelude to a Kiss, and Pussy Willow. Many other pieces you may expect are not here like In A Mellow Tone, Satin Doll and Take The "A" Train. These tunes are in so many other Ellington books here at Amazon (used & new) - this book is loaded with the not so common works for your 'rediscovery' of Ellington :)

For your quick reference, here are all 70 the works in the book. I hope you find a tune you like and buy this book of rare delights:
