Secrets of Yantra, Mantra and Tantra by L. R. Chawdhri

By Tyler_Davis

This book is interesting and informative, but like the author's other book "Practicals of Mantra and Tantra", several of the mantras are only given in Sanskrit, not in English. Also, there are references to using animal parts to accomplish certain magickal goals, which is in very poor taste. Anyone who is accomplished in "magick" and the workings of the mind knows using animal parts is completely unnecessary. Secrets of Yantra, Mantra and Tantra
