I would highly recommend this book to all my QA friends

By Amazon Customer

In todays world, when all the organizations are focusing on automation, this book gives a deep insight for the latest automation tools and techniques in the area of testing. I would highly recommend this book to all my QA friends. Infact, I would suggest that author should change the title of this book to "Effective Techniques to get a salary hike - Testers" :)0 of 1 people found the following review helpful.

Four Stars

By Jose Luis Villarreal Benitez

I like it0 of 2 people found the following review helpful.

good work by author

By mr X

very innovative ... handy for students as well as for test engineer. good work by author... expect him o deliver more and more such informative books...See all 3 customer reviews...
