Yeah, online e-book [Spider And Stone By Jaleigh Johnson](#) is a sort of digital e-book that you can get in the web link download provided.

SPIDER AND STONE BY JALEIGH JOHNSON PDF

Lolth—patron deity of the drow, Spider Queen, regent of the Demon Web Pits—has once again stirred the dark elves into roiling aggression against the rest of Faerûn, reveling in the chaos born from her dark schemata. This is the Rise of the Underdark.

In Iltkazar, the last subterranean kingdom of the once resplendent dwarven realm of Shanatar, King Mith Barak faces a siege of drow soldiers, spies, and assassins looking to seize the powerful city and the ancient magical artifacts hidden there. Somewhere in the city, the Arcane Script Sphere—a mystical orb touched by Mystra, the long-dead goddess magic—calls out to heroes and adventurers, beckoning with whispers of power and knowledge. Mith Barak hears it and knows he cannot hold the artifact much longer, but fears what the drow may do with it.

Enter Icelin, Ruen, and Sull, Waterdavian wanderers whose desire to understand their own spellscars sets them in search of Mystran mysteries—they hope to understand magic and thus understand its plague. As they move from town to town, city to city in search of knowledge, Icelin hears the siren call of the Arcane Script Sphere, and it draws the trio deep into rocks of the Underdark where they find themselves at the center of the struggle between the dwarves and drow.

Only King Mith Barak can initiate them into the mysteries they hope to illuminate. But first they must help him with a mystery of his own—a dark elf assassin, himself a seeker of the sphere, lies in Iltkazar's dungeons shrouded in the mystery and magic of Lolth. Icelin might be the one to see past that shroud and determine the true goal of the Spider Queen's schemes.

As the dark elves intensify their attacks, the trio realizes their quest for knowledge has taken them into a new and dangerous realm . . . a realm dictated by the whims of spider and stone.

A fun and engaging Realms tale

By J. Mace

Spider and Stone is the follow up to Mistshore. I had not read Mistshore in a few years and I was happy that Ms. Johnson did a great job reintroducing the characters. She quickly re-establishes the personalities of Icelin, Ruen, and Sull and gives slight reminders to the previous book, so this book is good for new readers or those who have read Mistshore.

The story itself was engaging and flowed very well. Icelin and friends are searching for a magical artifact that they know little about. This leads them into a conflict between an ancient dwarven kingdom and the

drow. Ms. Johnson does a very good job of hiding a few surprises in her characters until the right moment to spring them. All told this is an engaging Realms novel and a continuation of Ms. Johnson's excellent Realms work.

Standard Fantasy Nothing Special

By Zack

The entire story is a war between a group of dwarves I've never heard of and a group of drow. The characters are pretty childish and act as if they are still in junior high. Which is probably the age group that might really enjoy this book. But it's Forgotten Realms fantasy, and because of that is entertaining enough to warrant 3 stars. It was 6.50\$ on amazon kindle and kept me entertained for a few hours while at work.

Spider and Stone

By Ben King

This is Jaleigh's fourth book, and you can definitely tell she has come a long way. Spider and Stone is a great continuation of Icelin, Ruen, and Sull, set in Iltkazar and besieged by drow. All of the characters were well-developed, their progression natural and well-deserved. I loved some of the new characters introduced, most notably Garn Blackhorn and King Mith Barak. While the story itself was a little shorter than usual, the plot more than made up for it, everything coming together in a successful conclusion.

Why did I give it four stars? There were a few minor details here and there that bothered me. Misspelling of words and a little inconsistency about Ruen's ring. But still, a very well-written tale of the Realms.
