## Review

“This volume would be an excellent text for the upper-level or seminary student. Summing Up: Recommended. Upper-division undergraduates through professionals/practitioners.” (Choice, 1 October 2013)

"[Shelldrake's] grasp of the key figures and movements within the western Christian tradition is consistently sure-footed, and the book will be very useful for those seeking an accessible one-volume introduction to the subject by an acknowledged authority ... This is an excellent book and can be safely recommended to students and others alike." Theology (of the previous edition)

“Wonderfully encapsulates the complex manner in which the term spirituality has taken on various meanings within the Christian tradition ... Those who are interested in learning more about the major movements in the Christian tradition are sure to find this book a wonderful introduction into learning more about thinkers who have ardently longed to attain wisdom.” The Heythrop Journal (of the previous edition)

“One gets the sense that Shelldrake knows and loves his subject, and more importantly, wants to share his knowledge with others. I strongly recommend this book.” Anglican Theological Review (of the previous edition)

## Review

“The best available introduction to a fascinating subject. This new edition expands the geographical coverage to Asia, Africa, and Latin America, with new material on apocalyptic movements, Eastern Christianity, and the historical development of spiritual practices. No one can match Shelldrake for a winning combination of accuracy, comprehensiveness, and lively writing.” Arthur Holder, Graduate Theological Union

From the Back Cover

Engagingly written by one of the world's leading scholars, this comprehensively expanded edition tells the story of Christian spirituality from its origins in the New Testament right up to the present day. It charts the main figures, ideas, images and historical periods, showing how and why spirituality has changed and developed over the centuries. Sheldrake deftly extracts the distinctive themes of Christian spirituality, exploring the historical and cultural experiences that changed people's attitudes and practices.

New to the second edition are chapters on the nature and meaning of spirituality, and 21st century features of spirituality across the world; and an account of the development and core features of devotional spirituality. Sections on mysticism, its relationship to spirituality, the key mystical figures, and the development of ideas of 'the mystical' are all expanded. It also offers a fascinating insight into Christian spirituality's relationship to other faiths throughout history, and their influence and impact on Christian beliefs and practices. The result is a lively and informative introduction to the varieties of Christian spirituality across the globe and throughout the ages.

A new edition without much new, but that's ok

By J. J. Jackson

This diachronic presentation of Christian spiritualities, in its former edition, served well as a text for several years in my undergraduate theology class in a Catholic university. Students respond well to it as a guide. The new edition keeps the same faithful perspective and rich selection of material, with a nod to developments brewing in the 21st century.

The best thing, I suppose, is that it now has a contemporary copyright date and makes some adjustments to time language. Maybe that will give it new staying power, which is a good thing.

Five Stars

By Lisa Downs

Sheldrake writes with clarity about a wide time line of spiritual history

0 of 0 people found the following review helpful.

Yanis

By Yanis

I think this is very good comprehensive introduction in the history of the Christian spirituality. It also provides with substantial autobiography for further reading.
