If you recognize are trying to find the book qualified Tess's Tale (The Chanel Series Book 3) By Donna Joy Usher as the option of reading, you can discover here.

## From the Author

I wasn't quite sure where this was going when I began writing it, but Tess did. And she wouldn't let me stop writing till I had it perfect. She paced in my head while she dictated it to me, stomping her feet when I didn't get it quite right.

Red heads! They can be quite feisty when they don't get their own way.

But luckily I eventually perfected it and she let me publish it for all of you to read.

I hope you enjoy it as much as I do.

## About the Author

DONNA JOY USHER is the multi-award-winning, Amazon best-selling author of The Chanel Series, The Seven Steps to Closure, and The War Faery Trilogy.

She published her first book three years ago and since then has received much praise and acclaim for her work, as well as winning six awards and placing in a further six.

# TESS'S TALE (THE CHANEL SERIES BOOK 3) BY DONNA JOY USHER PDF

Another book by the multi-award-winning author Donna Joy Usher.

Please note - this is a light-hearted, humorous, chicklit, female sleuth novel. If you are looking for a literary masterpiece with a deep meaning this is probably not the book for you.

This is Book Three in The Chanel Series and while it could be read alone it will make more sense if you have already read Cocoa and Chanel, and Goons 'n' Roses.

It's been twenty-five years since that hellish night. Twenty-five years of living in denial, and Tess still doesn't want to think about it. But now her daughter, Chanel, is insisting that she spill the beans.

So Tess must cast her mind back to a life of passion and betrayal, to a time of violence and death, and she must face her past to tell us... what really happened to Lou the Brain.

Entertaining

By Lauren C

I received an advance copy in exchange for an honest review. Therefore, this book will not show up as a verified purchase on Amazon.com.

This book picks up immediately where “Goons ‘n’ Roses left off, then launches into Tess’s back story. While this book can stand alone, I’d recommend starting the series from the beginning, with “Cocoa and Chanel.” While the first two books in the series are written from Chanel’s point of view, “Tess’s Tale” is truly Tess’s tale.

I would consider the first two books of the Chanel series cozy mysteries, while book 3, “Tess’s Tale,” reads more like a light thriller with some shades of darker stuff. We follow Tess through her childhood to young adulthood to find out how she got mixed up with the Mafia and what really happened to Lou the Brain. It’s a tale of love and betrayal.

This series is marketed as “chick lit.” It’s aimed at a female market and is light reading. Each book can be easily read in a weekend (and I’m a painfully slow reader), excellent for lounging on the beach or on a long flight or just to decompress after a hard week at work.

The answers revealed

By Rachael C. Sebastian

i loved that Ms. Joy saved the answers to this trilogy for the last book. Suspense and theory built through the first two books with little hints scattered throughout. Finally the answers to "what happened that night" are revealed. The adventure and journey that Chanel, her family and friends are led on let them discover so much more than they bargained for. Set in Las Vegas with the mob reeking havoc with their plans, adding a few wrenches to their plans along the way.

Loved This Book!

By Carla M. Bowling

I received this book in exchange for an honest review.

This is a well written, light -hearted easy read. I have to say that I am not particularly fond of most series books, but this one is definitely worth the money. Start with book one so you can enjoy the entire story. I believe this is the best book in the series. You get the answers you were seeking from the first two books. It was amazing!
