Love Larry Beebe's arrangements

By SunnyBrook

Creative, inspiring creations of well-loved hymns and Primary songs. I have several of his "Hymns for Worship" Group singing books. The piano pieces in this book make beautiful preludes and even accompaniments for unison singing.

We hope to use it for our Primary Program this year if Mr. Beebe will allow some adaptation. Waiting to hear on that. Meanwhile, I realize now I should have looked for the publisher's website before ordering the second book from Amazon. The books cost about half what they cost on Amazon directly from the publisher. I came upon this book after doing a web search for an arrangement of "Seek the Lord Early" that I heard about 5 years ago. It was just a guess that this might be it, and actually it wasn't. Very close, but without the beautiful key change I remembered. I have since learned the arrangement I've been looking for is in fact a Beebe arrangement in another of his books, "Hymn Rhapsodies". That one hasn't arrived, but I expect it any day. I'm glad I made the mistake though, because I'm in love with "I Stand All Amazed" and all the other pieces in this first book as well. He's a genius at melting the heart with his simple but rich chords, progressions, and interpretations.
