Extremely valuable, concise, encyclopedia of snakes.

By A Customer

An extremely valuable reference source of virtually all known species of snakes. Written in an intellectual, scientific manner. A MUST have in any ophidiologist's collection!!

10 of 11 people found the following review helpful.

The BEST snake book!

By Joy Mullins

This is it. If you are looking for a book that covers everything snake with lots of pictures, you have found it. This has general information and husbandry, taxonomy, and goes through all the snakes, not just the popular pets and famous venomous ones. It also has information on responsible pet ownership. And it is enjoyable to read!

9 of 10 people found the following review helpful.

Fantastic source of information!!!

By jrtaylor@primenet.com

This atlas provides you with information starting with the evolution and biology of snakes. There are thousands of snakes pictured with information regarding each species and/or subspecies! I took this atlas with me to a reptile show and it really came in handy!
