**The Betrayers By Harold Robbins, Junius Podrug** Just how can you transform your mind to be much more open? There lots of sources that can help you to improve your ideas. It can be from the other experiences as well as tale from some people. Schedule The Betrayers By Harold Robbins, Junius Podrug is among the relied on sources to obtain. You can discover numerous publications that we discuss right here in this internet site. And now, we reveal you one of the most effective, the The Betrayers By Harold Robbins, Junius Podrug

## From Booklist

Robbins fans will not be disappointed in this latest book from the dead author's estate. (Robbins died in 1997, but his editors and estate continue to publish books in his name, based on ideas he left behind when he died.) In this latest one, cowritten by Podrug, we meet Nick Cutter, who in the manner of all Robbins heroes is irresistible to women, street-smart, and--above all-- rich. Nick, who started childhood in a Russian orphanage after watching his mother starve to death during the seige of Leningrad, has kicked and scratched his way to the top. The novel follows his life--and loves, since Robbins' books generally contain a lot of descriptive, sometimes cringe-inducing, sexual escapades, and this one is no exception--from Russia to the Caribbean and finally to Cuba, where he fights gangsters and dictators to build a bootlegging empire and eventually struggles to save the life of the only woman he has ever truly loved. No surprises in this rather typical Robbins story line, but his fans will enjoy the book nonetheless. Kathleen Hughes

# **THE BETRAYERS BY HAROLD ROBBINS, JUNIUS PODRUG PDF**

Luz had nighthead, the sensuous quality in a woman that makes men ache with desire. Nick loved and lusted for her the first time he saw her. But what he didn't know was that Luz had secrets--that beneath the glamour and sex appeal was a woman determined to turn her back on wealth and challenge a corrupt political system. Even if doing so meant her life.

Nick started out dirt poor--as a child, he survived the war-torn frozen hell of the siege of Leningrad and saw his mother starve to death as fat-cat bureaucrats ate well. He learned early that there were the haves and have-nots in this world. He was going to get everything rich people had--and more.

From a brutal Soviet orphanage to a plantation in the steamy jungles of the Caribbean, from sultry, violent Havana to the dangerous streets of Santo Domingo, Nick battled men who controlled and exploited the wealth of nations. With bootleg vodka and exotic rum, he built a business empire that would one day bring him into conflict with the most brutal dictator in the Caribbean--and a struggle for the love and life of the only woman he ever truly loved.

Keeps you reading up all night.

By A. Tan

I started reading this book two days ago and am half way through it. I was hooked from page 1. It has heaps of relevant history (I am a history buff and loved revisiting what I had learnt in high school about Russia's 900 day siege). Junius Podrug brings this Harold Robbins novel alive with his smooth, fast-paced narration. It also gave me tremendous insight into the Caribbean, which I have a fascination for, as well as the exotic Havana, Cuba. A brilliant, masterpiece.

*Harold Robbins Lives On*

By Ali I. Rizvi

*The Betrayers*, a symphony, a story so smooth; and Junius Podrug keeps Robbins legacy very much alive.

Nick is the love child of a British and Russian communist visionaries, who move to Russia for hopes of building a better society. The communist system kills Nick's father and his mother starves to death in the deadly siege of Leningrad, Russia, by Nazi Germany.

Nick grows up in a brutal Russian orphanage, where he learns more about life than in any school. He becomes a delivery boy for the gang leader who illegally produces and sells cheaply made vodka at his farm. Nick gets caught by the NKVD (the Soviet secret service) for illegal activities. He is in jail, about to hear a death sentence when he is thrown a lifeline by a British lawyer.

The lawyer was sent by Nick's grandfather, who was English. He passed away, but had never seen his grandson, and his last wish was to get Nick out of the Soviet Union and be sent to his remaining family: Nick's

father's step sister and her husband in the British Honduras.

His half Aunt is a kind woman who loves her abusive husband Jack. Despite quarrells among Jack and Nick they managed to stay together, untill Nick buys another farm in the area and starts manufacturing vodka and rum. This is the start of his career. His quest for making money through liquor takes him from Honduras, to Cuba, to Dominican republic. His business takes him to Santo Domingo, where he meets Luz, a woman with dark secrets. He ends up battling dictators with their armies for this woman who he falls in love dearly.

A stunning historical thriller

By Kwame M

This is clearly not the handwritten work of Mr. Robbins that much we know. I don't even know if I can say it was that inspired by him. What I do know however is that this is a very strong work all around, one that holds up very well without the Robbins tag. It was a very well-written piece of cold war fiction and only wished it was a little longer. Rich in all the right ingredients: action, drama, intrigue, money, greed and of course, sex, all interwoven with well researched historical information. I do however gripe over the fact that it didn't allow for a lot of character development, but I suppose that is what we are to expect from a book of its length. In any case, very solid effort I think.
