The Call of the Wild is a novel by American writer Jack London. The plot concerns a previously domesticated and even somewhat pampered dog named Buck, whose primordial instincts return after a series of events finds him serving as a sled dog in the treacherous, frigid Yukon during the days of the 19th century Klondike Gold Rushes.

Published in 1903, The Call of the Wild is one of London's most-read books, and it is generally considered one of his best. Because the protagonist is a dog, it is sometimes classified as a juvenile novel, suitable for children, but it is dark in tone and contains numerous scenes of cruelty and violence.

London followed the book in 1906 with White Fang, a companion novel with many similar plot elements and themes as The Call of the Wild, although following a mirror image plot in which a wild wolf becomes civilized by a mining expert from San Francisco named Weedon Scott.

I enjoyed the raw animus

By Chris Gregory

I first read this Jack London book fifty-five years ago. It inspired me to read more books and especially all of the London books. I enjoyed the raw animus, the Alaska wilderness, and the struggle to survive. I love adventure, the outdoors, dogs, hunting, fishing, and hiking. Consequently, this book was a perfect start for me.

Buck is a beloved character and the book is very well written - so well, that I could suggest it as a writing clinic in itself! Highly recommended. The Call of the Wild
