Great book... completely different from my usual read.. I will definitely read more books like this in the future. In each chapter of the book was a surprise.. it was hot and heavy all the way through each chapter. I would recommend this sexy, romantic read to anyone who likes different.

Relaxing reading. Had no idea what would happen a lot of the time, especially after she did some of the things she did. I was happy it ended as it did, though I would have liked a fuller story.
