An S&M book from one of the best in the field

By A Customer

For anyone who is interested in either entering the aura of leathersex or who is all ready involved, Leatherman's Handbook II is a must read. Written by Larry Townsend who is well respected within the leather world and also a contributor to the male bondage magazine, Bound and Gagged, this book follows along with his style. This is an easy book to read and understand with chapters dealing with anything from bondage techniques, bondage material, s&m techniques, meeting a partner and much more. Each chapter generally has a story that is relevant to the chapter's subject matter.

All though the book is more gay oriented much that is said can be applied to any situation. The picking of a partner is very important and Townsend goes into detail on this issue. Townsend also touches upon the use of drugs as well as other issues.

I enjoyed reading the book and found that its material was well written and worthy as a strong reference manual for what it discusses.

This book is certainly worth the high rating of "10".

Wonderful book

By MsKendra

This is a must read for all Leatherfolk. The first book is very hard to find and his book is a great continuing reading for all men and women in the leather community.
