THE SCHOOL LAW HANDBOOK: WHAT EVERY LEADER NEEDS TO KNOW BY WILLIAM C BOSHER JR., KATE R KAMINSKI, RICHARD S VACCA PDF

A parent objects to a curriculum that includes a unit on Greek gods, arguing that it violates the separation of church and state. As a teacher or administrator, how should you respond? This type of issue is one most educators will have to confront eventually, in addition to other hot-button issues such as zero-tolerance policies, drug and alcohol testing, and prayer in schools. The School Law Handbook is designed to enable educators to confront such issues with information, insight, and initiative. The issues are organized into five areas: the school environment, Constitutional issues, students, personnel, and accountability. Within each area are several chapters, each beginning with a realistic scenario followed by legal and practical analyses of the situation. Armed with this knowledge of the parameters governing each scenario, educators can more effectively manage their responses, asking and answering the key questions: - What are the legal boundaries? - What is the district policy related to this issue? - What are the potential strategies for resolution? In this era of unparalleled public scrutiny, The School Law Handbook is essential reading for all school personnel.

Most helpful customer reviews

8 of 8 people found the following review helpful.

Useful and concise

By A. Brueggemann

This book provides a great way to quickly acquaint oneself with the legal implications of common school situations. However, it does fail to address special education law, namely IDEA, which is critical to truly understanding school law.

1 of 1 people found the following review helpful.

Decent

By Joe

This was used for a discussion based class on Law & Ethics for Educators. The book was better than its companion noted below. Many of the scenarios given were overly dramatic. Used with The Ethics of Teaching.

1 of 1 people found the following review helpful.

Scenarios

By Patricia

Interesting because it gives scenarios where the reader determines what the correct decision is. Then, it shows what the law is and what happened in the case.
