An absolute must for anyone wanting to know

By Susan J. Hughes

I love this book. Over the years I have purchased and given many copies. It is fun to read and know that our Apostles lived and traveled. I use it all the time. The info is a treasure hunt over many years. I read it and just always get caught up in the author's travels to unravel the questions. Who were these people? Did they really live? Have they affected our lives so many years later. Well worth having if you like history and puzzles and mysteries.

From the Back Cover

By Glen Thompson

Here's a moving and exciting adventure into the world of the Apostles.

What really happened to the men who knew and worked with Jesus? How did they turn the world upside down? Where did they go and what did they do?

By traveling to the places they once knew, by studying the Scriptures and biblical history, by listening to local tradition and engaging in original research, well-known television personality and best-selling author William Steuart McBirnie has uncovered the fascinating untold histories of Christ's Apostles and their activities.

McBirnie begins where the Acts of the Apostles leaves off. He brings these astonishing men to vivid life as the human beings they were, with their dedication, humanity, zeal, and their triumphant faith.

The Search for the Twelve Apostles is not a story of bones and relics, but a dramatic tale of the men who knew Jesus the best -and were transformed because of it!

"The Search for the Twelve Apostles"

By Shaer

This is a very informative book. I love history, especially Biblical history and I was not disappointed in this version. I highly recommend it.
