So, take all advantages of getting this soft file publication The Story Of Christianity, Vol. 1: The Early Church To The Dawn Of The Reformation By Justo L. Gonzalez in this website by downloading in link given.

Review

"This crisp retelling of Christian history from the days of the apostles to the eve of the Reformation is filled with insight. Gonzalez excels in the brief character sketch. With economy of expression he is still able to define the significance and enliven the character of many great figures in the church's first 1500 years. An additional strength is the careful treatment of Christian expansion into Central and South America during the early modern era. This is a good book for introductory courses, for personal reading, and for adult education in the church."--Mark A. Noll, associate professor, Wheaton College

From the Back Cover

In this fully revised and updated edition, the lauded church historian Justo González tells the story of Christianity from its fragile infancy to its pervasive dominance at the dawn of the Protestant Reformation. The Story of Christianity, volume 1, relates the dramatic events, the colorful characters, and the revolutionary ideas that shaped the first fifteen centuries of the church's life and thought.

From Jesus's faithful apostles to the early reformist John Wycliffe, González skillfully weaves details from the lives of prominent figures tracing core theological issues and developments within the various traditions of the church. The Story of Christianity demonstrates at each point what new challenges and opportunities faced the church and how Christians struggled with the various options open to them, thereby shaping the future direction of the church.

This new edition of The Story of Christianity incorporates recent archaeological discoveries to give us a better view of the early Christian communities. Among these are advances in the recovery of Gnostic texts that have revealed a richer diversity of "Christianities" in the first century. González also includes important research done in the past twenty-five years revealing the significant role of women throughout the history of the church.

With lively storytelling incorporating the latest research, *The Story of Christianity* provides a fascinating introduction to the panoramic history of Christianity.

About the Author

Justo L. González, retired professor of historical theology and author of the highly praised three-volume *History of Christian Thought*, attended United Seminary in Cuba and was the youngest person to be awarded a Ph. D in historical theology at Yale University. Over the past thirty years he has focused on developing programs for the theological education of Hispanics, and he has received four honorary doctorates.

Fascinating

By teacher of kids

So far this book is absolutely enthralling. It is a shame that most Christians, me included, have a very small grasp of where our faith developed, was attacked, changed appearance and then became what it, the church's message, is today. I highly recommend this book. The author is native Cuban and does not seem to be at all influenced by any denomination or creed. The history is straightforward. Thus far in my reading Dr. Gonzalez' interpretations seem to be influenced only by the validity of all the works cited (and there are MANY) and his desire to protect the true stories.

By Kindle Customer

I love history, and was glad that I get to take a Church History course as a part of my education at Liberty University, which includes this book as required reading. I ordered this book a month and a half before class began in order to get ahead of the game, and so far have enjoyed every bit that I have read. I have learned so much just in the first 10 chapters or so!

I'm really looking forward to reading the rest of this book, and even though I won't have to take the course which uses the second edition, I will still definitely be buying it and reading it to further my knowledge of our origins as Christians!

An eye opener

By Roger Schmid

I was very impressed with the amount of knowledge I gained about the development of Christianity, the multi-faceted influences on the religion and learning how various people and their ambitions and thoughts have shaped what presents itself as Christianity today to us. God works through people but at times I wonder if all people who left their mark were indeed working for God and where the truth and pure religion really exists.
