Isaac, You've Done It Again

By Tiffany Lynn Kaharick

Once again, I've read one of Isaac's books from start to finish without putting it down. I am thoroughly impressed with the material he presents and pleasantly entertained with how he puts it all together. He remains humble and is not preaching anything. Merely pointing out things for others to see. All of the topics he writes about are something everyone of us should take the time to investigate for the sake of our own sovereignty in this crazy world- if we even have any left. He may present things that are uncomfortable for some who are new to this aspect of reality but if you keep an open mind it will not take long for you to see that he's reporting on some very real very important things. Keep up the amazing work and thank you for your service Isaac!
