Think of that you obtain such particular spectacular experience and also expertise by simply reviewing a book **Theomatics II: God's Best-Kept Secret Revealed By Del Washburn**. Just how can? It appears to be better when a book could be the finest point to discover. Books now will show up in published as well as soft file collection. Among them is this book Theomatics II: God's Best-Kept Secret Revealed By Del Washburn It is so usual with the published books. Nonetheless, many individuals sometimes have no room to bring guide for them; this is why they can't read the e-book anywhere they desire.

Poses now this *Theomatics II: God's Best-Kept Secret Revealed By Del Washburn* as one of your book collection! However, it is not in your bookcase collections. Why? This is guide Theomatics II: God's Best-Kept Secret Revealed By Del Washburn that is supplied in soft documents. You can download the soft documents of this spectacular book Theomatics II: God's Best-Kept Secret Revealed By Del Washburn now and in the link supplied. Yeah, different with the other people that seek book Theomatics II: God's Best-Kept Secret Revealed By Del Washburn outside, you can get simpler to present this book. When some individuals still stroll into the shop and search the book Theomatics II: God's Best-Kept Secret Revealed By Del Washburn, you are here just remain on your seat and get the book Theomatics II: God's Best-Kept Secret Revealed By Del Washburn.

While the other people in the store, they are not exactly sure to find this Theomatics II: God's Best-Kept Secret Revealed By Del Washburn directly. It might need more times to go shop by store. This is why we mean you this site. We will certainly provide the very best means and also referral to obtain guide Theomatics II: God's Best-Kept Secret Revealed By Del Washburn Even this is soft file book, it will be simplicity to lug Theomatics II: God's Best-Kept Secret Revealed By Del Washburn anywhere or save in the house. The distinction is that you may not need relocate guide Theomatics II: God's Best-Kept Secret Revealed By Del Washburn area to place. You may need just copy to the other gadgets.

Great book!

By William B. Zimmerly

This is a great book! Highly informative and opens up new levels of scriptural understanding.

Nonsense

By A Customer

I read this book because I was interested in the bible code phenomenon and wondered what other kinds of numerology was applied to the bible. What I found was far different from the bible code.

The original bible code paper was published in a peer-reviewed journal. Because it had to follow certain academic and mathematical conventions, expert mathematicians were able to dissect the bible code claims and prove they are false. This destroyed the credibility of the bible code. But at least the bible code had the merit of being "falsifiable".

Theomatics, on the other hand, does not present any clear method of finding numerical patterns. It is all very ad hoc and there is no serious attempt at a statistical experiment, at least not in a format that would be accepted by any reputable scientific journal. Therefore, theomatics belongs much more to fringe mathematics and pseudoscience than the bible code, which was simply incorrect mathematics presented in a more rigorous style.

If the author really wants to be taken seriously, he should learn more about how statistical experiments are set up, and then design an experiment using a priori rules which do not allow any wiggle room such as was found in the bible code.

In the meantime, the mathematical judgement on this book is that it is yet another example of pseudoscience in the service of religious faith.

Theomatics.....truth in numbers

By MARK LAWRENCE

If you are straddling the fence in your religion, and are in need of something more than just sheer blind faith, then Theomatics may be just what you have been looking for.

Theomatics scientifically proves that there is more to the Bible than just the literal meanings of the English translated words. This discovery sheds light on many confusing aspects of the Bible, and shows how hugely symbolic both the old and new testaments really are - and how they relate to each other.

Hailing from a technical background myself, I have always appreciated and respected the precision of numbers, perhaps much more than the average individual. Numbers truly are the universal language, and are mankind's "key" to unlocking the physical secrets of this world. Why not see if that "key" also fits the Bible? It does.

Mankind is compelled to control and understand his environment - it is his nature. History is full of individuals that have made incredible scientific discoveries that, at first, were shunned by the masses (much like Theomatics is today) - but later were seen for the great breakthroughs that they were/are.

I have been studying Theomatics for over a year now, and am just as excited about it as ever. I read it just like a technical journal - a few pages at a time, then break away so that I can sort-out what has just been presented.

It's a confusing religious world out there today, with everyone having their own translation of what the Bible is saying - or even if the Bible is for real. This confusion is compounded by all of the "other" Bible code claims, such as ELS, Bible numerics, Omega code, etc. Not to mention the claim of number patterns found in the Koran.

A person today, perhaps more than ever, needs a truth that he/she can believe in. I have studied, and am continuing to study all of these other phenomena as well - but none of them has even come close to what is present in the Theomatic discovery.

Find out for yourself what the truth is....it's nothing to be afraid of.
